

Flight Club

Thursday Mornings from 7am - 8am
(Meetings will be in the gym or outside weather permitting)

Club Expectations:

- 5th - 10th Grade
- Maintain good grades and behavior at school
- Follow ALL flight instructor's directions
- Observe the "flight line" and speak softly around those flying
- Do not ask to fly aircraft belonging to others
- Come prepared with your own equipment ready to fly including charged batteries
- Commit to replacing broken parts and doing repairs to your aircraft as needed (Instructors can help if necessary)
- Join the Academy of Model Aeronautics and follow AMA guidelines. Go to www.modelaircraft.org and apply for a FREE youth membership
- Bring R/C folder to every meeting and read the assigned handouts

Recommended Radio Control Material: The Inum Elite (by Flyzone): Completed package including transmitter and plane around \$79.00. Available at Nankin Hobbies in Farmington or online from Flyzone Hobbies. Only recommended after the student has tried flying a club trainer and wants to join the club.

Welcome to the world of radio controlled aircraft!
